

ACCUPLACER (Placement) Inventory

The ACCUPLACER Inventory is used to assess college level skills in the areas of math and writing. The results, in conjunction with your academic background, goals, and interests, are used by academic advisors and counselors to determine your math and English course selection. You cannot pass or fail the ACCUPLACER Inventory, but it is very important that you do your very best, so that you will have an accurate measure of your academic skills. The ACCUPLACER Inventory is not timed but on average, students take about 2-3 hours to complete.

The ACCUPLACER Inventory is adaptive. This means questions are chosen for you on the basis of your answers to previous questions. This technique selects just the right questions for your ability level. Please be serious and committed to do your best. Plan a time when you will not be distracted or rushed.

For specific information on the placement inventory, call 334-556-2296 or go to <https://www.wallace.edu/testing-assessments/accuplacer-inventory/>
