

Clinical Grade and Evaluation Tools

Each student receives a daily grade in. The grade consist of the daily evaluation tool which includes the clinical log sheet of activities performed during the clinical rotation for each assigned clinical day. These documents are provided for the student in this handbook to assess prior to beginning clinical rotations. Clinical absence will result in a zero for the daily grade until makeup policy has been followed and makeup day completed.

Each student will be evaluated by the clinical instructor who was in charge during the student's clinical rotations for each particular clinical area. Grade computation may vary from semester-to-semester. Grade composition for each semester will be provided to the student at the beginning of each semester.

Students are accountable for completing all components of the clinical grade. The student will receive a grade of "I" until all components are completed.

If after six (6) weeks the grade is not changed, it becomes an "F".
