

Health Profession in Demand

The field of Respiratory Therapy, one of the fastest growing, medical professions, needs dynamic, motivated individuals to serve the needs of critically-ill adults, children, and newborns.

In addition Respiratory Care professionals play an integral part in the rehabilitation of patients suffering from a variety of cardiopulmonary diseases. Whether in the intensive care unit, emergency room, rehabilitation clinic or even the patient's home, the respiratory care practitioners will be called upon to administer various treatment modalities/medications, perform diagnostic procedures, and/or manage sophisticated life support equipment.

Although the majority of Respiratory Therapists are employed by hospitals, opportunities to practice outside of the standard hospital setting are in demand. Other opportunities for the Respiratory Therapist include emergency transport and education.
