

Learning Resources Centers System

The Learning Resources Centers (LRC) System provides various resources for students, instructors, and staff members to support College coursework, community and corporate education, and lifelong learning. LRC System services are provided at both locations and online through the College Web site.

Access to resources is available through the College online public access catalog (OPAC). The LRC homepage provides essential library and information resources. The LRC System participates in interlibrary loan services and cooperative agreements with libraries throughout the College service area. In addition to the print collections the LRCs also offers basic reference sources, periodical subscriptions, various media, and electronic online databases.

Student Identification cards are required to check out materials. Alabama Virtual Library accounts also provide home access to databases, which are available for students, instructors, and staff members.

Students participate in orientation and research skills programs designed to assist them in using LRC resources to enhance learning and research opportunities. They are also encouraged to use available computers, printers, photocopier, and scanner.
