

# Mission of the Physical Therapist Assistant Program

The mission of the Physical Therapist Assistant Program at Wallace Community College is to help students attain education to satisfy requirements of an Associate in Applied Science Degree. In so doing, we will graduate knowledgeable, competent, self-assured, adaptable, and service-oriented paraprofessionals. Graduates will be valuable members of the profession and the health care team, within their scope of work. Graduates of the PTA program at WCC will be qualified to sit for licensure in any state in which they wish to practice and will be prepared to uphold high standards of patient care while helping to meet healthcare needs in our community, state, and region. The program is committed to accomplishing this mission through the use of quality instructional methods, including both traditional and technology based instruction, whereby students are assisted to achieve the academic knowledge and clinical skills necessary to serve the physical therapy health needs of the public.
