

# Student Employment Policy

At no point in the education of the radiologic technology students can employment interfere with clinical, laboratory, and/or didactic schedules.

Under no circumstances will student's Clinical Educational activities be substituted for inadequate staffing at the Clinical Education Centers.

Students who are employed by the Clinical Education Centers will not be given credit for work experience or compensated in any manner during Clinical Education hours. Moreover, no student will be given collegiate credit for experiences obtained during employment practices. The Radiologic Technology Faculty closely monitors the clinical and didactic activities to ensure that non-educational related activities do not interfere with student progress.
