

# NUR 202: Nursing Through the Lifespan II

This course builds upon previous instruction and provides additional opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in cardiovascular, hematologic, immune, and genitourinary systems in a variety of settings. Additional instruction is provided for psychiatric disorders, and high-risk obstetrics. Teaching/learning concepts, advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

**Credits:** 6

**Lab Hours:** 0

**Lecture Hours:** 3

**Clinical Hours:** 9

**Prerequisites:**

NUR 201, PSY 200, and BIO 220.
