

# MSSC Certified Production Technician, STC

This short certificate falls under the Industrial Systems Technology program, which provides instruction and skills development in the rapidly growing, related field of Industrial Maintenance Technology. Instruction is presented at a highly technical level, involving the applications of mathematics, science, and communication skills as well as hands-on training in Manufacturing Safety, Quality Practices and Measurement, Manufacturing Processes and Production, and Maintenance Awareness. Successful completion of the program prepares graduates for entry-level employment in a variety of manufacturing-related fields. In addition, the program prepares students for Certified Production Technician Testing through the Manufacturing Skill Standards Council (MSSC).

Program: [Industrial Systems Technology](#)

Type: Short Certificate

## Area V: Required Field of Concentration Courses

Item #	Title	Credits
INT 261	MSSC Safety Course	3
INT 262	MSSC Quality Practices and Measurement Course	3
INT 263	MSSC Manufacturing Processes and Production Course	3
INT 264	MSSC Maintenance Awareness Course	3
Total credits:		12
